

Global Healthcare Portable Video Conferencing Kit

Live Video Status of an Emergency

The multi-award winning Balconi Smart Torch - Global Live now brings its benefits to in-field healthcare. Extending the reach of existing video conferencing telehealth providers to a global one.

The patented technology ensures reliable operation over satellite and poor cell and copper based networks. The Balconi enhanced vision algorithms ensure quality video as low as 128Kbps. Fully contained in a portable Pelican 1560 Case.

- Wall, Desktop and Handheld camera for closer examinations
- 21" IPS screen with detachable camera for closer examinations
- Robust quality live video conferencing at only 128Kbps
- Standards based trusted source VC platform, Pexip
- Secured AES256 encrypted video stream
- Transported in a Pelican 1560 case
- Low cost hardware
- Easy operation
- HD switched video profile
- Network connection
- Network compatibility
- No Expensive Satellite Truck required
- No technical staff required
- When extra detail is required
- WiFi or LAN
- Satellite, 3G, 4G, LTE, LAN and WiFi with optional Balconi Modem Kit
